*“...Through uncounted decades, grappa was little more than a cheap, portable form of central heating for peasants in northern Italy... Fancier Italians, and most foreigners, disdained it. But that was before the Noninos of Percoto came to prominence...”*

#GrappaNonino

**1897** Orazio Nonino, the family founder, establishes in Ronchi di Percoto the premises of his own distillery which, until then, had existed only as an itinerant still assembled on wheels.

**DECEMBER 1, 1973** Benito and Giannola Nonino, respecting the tradition, revolutionize the way of producing and introducing Grappa in Italy and throughout the World. **They create the single varietal grappa, Monovitigno® Nonino** distilling the pomace of Picolit grapes separately and turning Grappa from Cinderella to a Queen of distillates!

**NOVEMBER 29, 1975** They establish the **Nonino Risit d'Aur Prize** (gold vine shoot) with the aim of stimulating, awarding and having the official recognition of the ancient autochthonous Friulian vine varieties that are dying out and obtaining the authorization of the European Community to replant Schioppettino, Pignolo and Tazzelenghe, later joined by Ribolla Gialla, in order to preserve the biodiversity of the territory. In 1977 it is joined by the **Nonino Literary Prize** and it will be completed since 1984 with the International Section. **The Nonino Prize has anticipated the Nobel choices six times.**

**NOVEMBER 27, 1984** The Noninos mark a new turning point, they distil the whole grapes and **create the Grape Distillate, UE®**. The Ministerial Authorization for the production of the Grape Distillate (D.M. 20.10.84) is granted following a specific request by the Noninos.

**DECEMBER 4, 2003** The President of the Italian Republic Carlo Azeglio Ciampi awards Giannola and Benito Nonino the prestigious **Leonardo Prize for Italian Quality** for “the absolute Quality, Research and Innovation”.

**JANUARY 12, 2017** The Nonino Revolution ‘from Cinderella to a market Queen’, carried on by the Noninos, is selected as a case study by one of the most influential academic magazines in the world: **the London School of Economics (LSE) Business Review**.

**JANUARY 27, 2020** San Francisco **Nonino ‘Best Distillery in the World’ elected Spirit Brand / Distiller of the Year 2019 by Wine Enthusiast**, the first Italian distillery and **the only Grappa to receive the prestigious prize in Twenty years of Editions**, the most important international prize in the world in the sector of wine and spirits.

**2021-2022-2023** The Noninos carry on **the evolution of Grappa – Italian Cocktail Spirit**, protagonist of fabulous Cocktails, Ling Drinks and Aperitifs. In June 2021 L’Aperitivo Nonino *Botanical Drink* is elected *Aperitif of the Year international* at the International Spirits Award; the prize was reconfirmed also in the 2022 and 2023 Editions.

*“The wide collection of Nonino cocktails is (...) a perfect example of how a company so rooted in a tradition of purity can preserve its identity making experiments with its products”*

**MAY 10, 2024** **Cristina, Antonella and Elisabetta Nonino** are awarded the prestigious **15<sup>th</sup> GUIDO CARLI AWARD for entrepreneurial merit**, which is awarded to personalities who have distinguished themselves for their social commitment, the successes in the entrepreneurial field, as well as for bringing prestige to the Italian talent and genius in the world.

**AUGUST 8, 2024 THE TIMES**, the most influential newspaper of the United Kingdom, honors Benito Nonino: the ‘father of Italian grappa’ who with the family distillery turned the poor relation of wine into a noble drink.

**JANUARY 25, 2025** Fifty years since the institution of the Nonino Prize 1975-2025 dedicated to Benito Nonino.

# BORGO NONINO

ALLA RICERCA DELLO "SPIRITO"

*We are waiting for you!*

Immersed in the Friulian countryside in Persereano, it is a complex consisting of 7 rural buildings, the oldest of which date back to the age of Napoleon and are used as aging cellars for Grappa, Distillates and Amaro under seal. It is situated 500 meters far from the Nonino distilleries, on the edge of 10 hectares of wood realized by our father Benito with the essences of the Friulian wood and runs along the Alpe Adria Cycle Route which reaches the sea.
