F. Paul Pacult

described by *Forbes Magazine* as
*"the most important and influential
American expert in distillates"*

has identified the only
**Grappa among the top ten
distillates in the world,**
the **Nonino Grappa
Cru Monovitigno[®]
Picolit**

"...Perfectly pure and clear,... This aroma is immediately developed and stately...; a textbook grappa aroma that's different than anything I've experienced... While the bouquet is lovely, the flavour phase is a whole other universe of style and intensity..."
