With the strength of herbs

Once considered like medicines, today bitters are living a new youth as digestives.

We introduce here a small selection of exclusive herb bitters.

AMARO NONINO QUINTESSENTIA®

Born from the skilled processing of Alpine herbs, following Antonio Nonino's ancient recipe.

A refined herb liqueur obtained from UÈ®, ripe grape distillate, and aged in barriques for years. It is harmonious in the bitter of its herbs and roots and in the delicacy of its sweet touch. Poured in a wide red wine glass together with ice cubes and a slice of orange and with the addition of sparkling wine, it gives birth to a sparkling variety, whereas with ground ice and a leaf of mint it is a wonderful aperitif, and at room temperature it is finally the ideal digestive.
